SCHOLARSHIP 2020

In 2019 the United Credit Union announced that they opened a new scholarship program for post-secondary students. To qualify the applicants must be under the age of 27, have a minimum cumulative college GPA of 3.0, and show proof of enrollment required as a full-time or part-time student at an accredited institution; university, community college, trade school or vocational school. The United Credit Union is proud to award 2020's scholarship to Alysson Foos. Alysson's intended field of study is social work and psychology at Tabor College in Hillsboro, Kansas where she maintained a 4.0 GPA. Not only was Alysson highly active during high school, but during her freshman year in college she continued being involved in clubs and activities including cheerleading. Applicants also had to write an essay and this year's essay was: As a credit union member, explain why someone should choose a credit union as their financial institution over alternative service providers, such as for-profit banks? A paragraph from Alysson's essay was:

"Credit unions have a better sense of community because they are often smaller than most banks and they are operated by the people. Credit unions' goals are to support those around them. The employees at credit unions take the time to develop a relationship with the customers. They take the time to make sure their customers feel valued by cutting out pictures of them they see in the newspapers, offering cookies as they walk in, and giving stickers and dogs treats out through the drive-through. Most employees know the names of every single person that has an account, even if they don't work directly with the individual who has the account. Credit unions are also very good at explaining what is going to happen."

And think low and think high.
Oh, the thinks you can think up
if only you try!"

Choose Your Money's Path

Does your paycheck have a habit of wandering off? Down the dead-end street of impulse buying? Stuck in the cul de sac of just getting by every month? It's time to choose your money's path with Payroll Deduction. With Payroll Deduction, you can direct funds into one or more share savings accounts at the credit union. Money experts agree putting your savings on autopilot is one of the best ways to reach your savings goals because what you don't see, you won't miss. Designating accounts for specific items such as the family vacation trip to Disney World or holiday shopping also helps you reach your goals. Payroll Deduction also can put your credit union loan payments on cruise control. No worries about late payments clipping your credit score. Contact your payroll department to find out how to enroll in Payroll Deduction. If you need more information, feel free to call on the credit union.
