2021 Scholarship Winners

This year's United Credit Union Scholarship winners will receive \$500 each. For participants to qualify they must be members of UCU, hold a GPA of 3.0 or higher and enrolled at a post-secondary school. We encourage you to tell friends and family members 26 and younger to join the United Credit Union so that they can become eligible for our post-secondary scholarship program.

This year's contestants had to write an essay answering the following: Credit Union's abide by the principles that foster community 'people helping people'. What do you think individuals can do to foster unity in their communities? The essays can be found on our website under the scholarship tab. Congratulations to Taylor Murray and Ashley Foos on not only receiving the scholarship but your well written essays along with your outstanding GPAs with school and community activities you participate in. Wherever life plants you, bloom with grace!

RV LOANS

If the pandemic has you skittish about traveling, but you're still aching to hit the road, there's an option: a recreational vehicle. With an RV, there's no worry about where you can safely rest your head at day's end. If you're new to the RV world, a good starting point is gorving.com. You can learn about the different types of RVs available from towable truck campers and travel trailers to full-scale motor homes that can sleep eight people. Buying a used RV can save you a significant amount of money because like other vehicles, just driving an RV off the lot causes it to depreciate. Just be sure to find out how well the RV has been taken care of - check maintenance and repair records, and find out how often it was used and where it was stored. Once you've narrowed your choices, contact the credit union about financing. Rates are great and we have terms that will fit your budget.
