Afford the trip you want with a
VACATION LOAN

If a European tour or an extended travel with the family is on your bucket list, take advantage of a great rate on a Vacation Loan at the credit union. Start your journey by checking out guidebooks and online information resources to gather ideas about places to stay and eat and things to see and do. Then estimate your transportation, lodging, meals, and entertainment costs. Also, add up any expenses for items such as boarding your pets. Taking these steps will help you figure out your budget and how much you need to borrow. By doing so, you can avoid unpleasant surprises as well as overspending on your credit cards. Then call on the credit union for your Vacation Loan. You'll find the rates and terms that will enable you to take your trip of a lifetime.

Murder Mystery Dinner

Get your best 80's outfits ready for a killer time! We are beyond excited for our dinner party being held in October to benefit our post-secondary scholarship funds. To qualify for the scholarship program, you must be a member of United Credit Union. We have been working hard making plans, including applying for a grant to offset expenses, making it a more affordable night out for our community members. We found out at the end of May that we were approved for the grant! Such exciting news that we had to share it with our members! Ticket sales will begin around August. The dinner party will be held at Sacred Heart Gymnasium, where we have a professional company coming to provide the entertainment portion of the evening which will include some participation from the crowd. Tickets will be \$40 a piece with a limited amount being sold to 21 years and older, and the evening will be BYOB, with the exception of water and tea. Stay tuned on our Facebook page for further updates!

Your RV Adventure Awaits

Hear that sound? That's the open road beckoning! Let our great rates on RV loans help you answer the call. Your RV adventure begins online at websites such as gorving.com or rvusa.com. There you'll find information about the types of recreational vehicles and trailers available and which one might be best suited to your interests. You'll also find other resources about purchasing and maintaining an RV. If possible, rent the type of RV you're interested in purchasing in order to take it for an extended test drive. Communicate with other owners to find out what they like and dislike about their vehicles.

Once you've narrowed down your choices, see the credit union to apply for a pre-approved loan. Whether the RV is new or new to you, having a pre-approved loan puts you in a better bargaining position, and is the fastest way to hit the open road.
