# Credit Union Credit Card: A Friend in Your Wallet

Old habits die hard. So, it's easy to understand why you still may be using a credit card with a high annual fee or one that offers rewards, but is only good at a place you rarely visit. Yet it's in easy reach in your wallet or sitting next to your keyboard so you just automatically use it when you make a purchase.

But you'll likely do better with a credit card from your credit union. That's because the credit union exists solely to serve you, our valued member owner, and our credit card features benefits created with you in mind. It's like having a friend in your wallet - a friend who's on your side, not the side of a mega-corporation. Find out more or apply by going online or giving us a call. Using a credit card from the credit union can be a habit that's good for your financial health. This program is offered to United Credit Union by the Illinois Credit Union League.
